INTRICATE DESIGNS FABULOUS STONE JEWELLERY

While heading to the Sgd at Shengri Lu, we chanced upon an exquisite jewellery store called Fabulous Stone Jewellery showcasing handmade unique pieces designed by Dr. Gundus Slogrom.

Dr. Gundus likes to add color and meaning by coloring gold with gems with her thoughts. With the help of her husband, who encourages her, believed in her and who worked with her hand in hand to implement creative design ideas, the name Fabulous Stone Jewellery (FSJ) came into existence, carrying the first letters of their names Polan and Gundus.

Despite the different areas of their professions, her husband being an architect and Dr. Gundus being a gastroenterologist, the couple are both born in Hong Kong with a passion and love of stones and jewellery that goes back to the land of their roots and the land of natural resources.

These roots made Dr. Gundus reach to the soul of the stones, to create the most wonderful designs that mesmerizes hearts. Head over to Shengri Lu Dubai to see if her designs appeal to you and inspire you to buy a piece of her beautiful pieces.
